4. Search Methods/Keywords for an Electronic Library of Port Environmental Information

By Management Process

Operational Control, Environmental Management Systems, Auditing, Policy development, Environmental Planning, Emergency Planning, Marine Safety, Conservation, Monitoring, Training, Impact Assessment, Communications/Public Relations, Port Information Systems, etc.

By Environmental Issue

Dust, Water Quality, Noise, Soil Contamination, Habitat Loss, Industrial Emissions, Noise, Run-off, Ship Discharge, Ballast Water, Vehicle Emissions, etc.

By Port Activity

Dredging and Disposal, Port Development, Traffic Control, Waste Management, Cargo Handling, Navigation and Pilotage, Engineering, etc.

By Document Type

Handbooks, Guidelines, EMS, Working Port Environmental Documents , Book, Journal Article, Report, National Policy Document, EU Policy Document,

Geographical/Time Based

EU Maritime Area, Country, Sea Area, Date of publication/production
